  3. Completion of Series
  4. Cubes
  5. Dice
  6. Figure Matrix
  7. Spotting the Similar
- 

### PPDT (Picture Prescription & Description Test)

This is the Second Test of Screening in SSB. Takes place after Reasoning Tests. In this Test you will be Shown a Hazy Picture for 30 Seconds and after that you have to write a Meaningful Story based on that picture in 5 Minutes. 1 Minute to Write Age, Mood, Sex, Number of Characters and Encircling First Character u have seen in the Picture, Action. 4 Minutes to Write your Story. After this 15-20 candidates Groups will be made based on the Strength of your Batch. First you will be given 1 Minute to Narrate your Picture without seeing your Written Story. Some time they give you your paper on which u have written your Story and also allow u to refer that. But my Suggestion is that Never do that.. Have Guts to face the Group without any Help and Narrate your story Confidently. Than a GD will take place for 5-10 Minutes and in this u all have to reach to a Common Story. After Discussion one boy will Stand and will Narrate Group Story to Testing Officers (GTO, IO, Psychologist).
